RV COVER REGULAR ROOF

CALL NOW TO ORDER!

An outstanding way to protect your RV, camper, or motorhome between long trips. At 12' wide x 31' long x 11' tall, it provides 372 sq. ft. of storage space. Can store one RV, car, truck, or assorted lawn equipment. At 31' long, there is plenty of extra room for large equipment. Customize dimensions, features, and much more. Choose from large color selection to match your style and existing structures. Can be customized for whatever you need.

Manufactured with premium grade steel framing and 29 gauge roof panels. Reinforced with bracing on the corners and center of the structure, and concrete-specific anchors included at no extra charge. Innovative truss design allows us to design buildings up to 60' wide, without interior supports. The Regular roof is our most affordable design and is guaranteed to be free of leaks and other defects.

LAND/CEMENT FOUNDATION MUST BE LEVEL

- Cement should be 1 ft. shorter than roof length.
- Cement must be level and square from corner to corner.
- Return trip fees will apply if building is not installed.

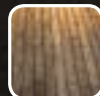

In order to get the highest quality installation, we ask to have the site prepared and ready to go on the day of installation. There should be no electrical wires less than 15 feet above the peak height and confirm no underground utilities will be impacted by the installation process (must be 4' or more beneath the impacted areas for ground installation). Remember, all of our structures come with free installation and free delivery.
