18 X 21 2 CAR BOXED EAVE CARPORT

CALL NOW TO ORDER!

Our regular style Two Car Carport is a fantastic way to get affordable outdoor storage space! The 18x21 carport stands at 7' tall and has plenty of room underneath the roof for two cars and trucks, with additional space on the ends of the building for large equipment. A steel carport is versatile and can double as a picnic shelter, outdoor workshop, auto-repair area, and much more! You can customize this two car carport in any way you need, including choosing from our large color selection, or adding gabled ends for extra shielding from the elements. Factory certification for harsh weather is also available.

LAND/CEMENT FOUNDATION MUST BE LEVEL

- Cement should be 1 ft. shorter than roof length.
- Cement must be level and square from corner to corner.
- Return trip fees will apply if building is not installed.

In order to get the highest quality installation, we ask to have the site prepared and ready to go on the day of installation. There should be no electrical wires less than 15 feet above the peak height and confirm no underground utilities will be impacted by the installation process (must be 4' or more beneath the impacted areas for ground installation). Remember, all of our structures come with free installation and free delivery.
