VERTICAL STYLE METAL GARAGE ROLL UP DOOR

CALL NOW TO ORDER!

This metal garage complete with an 8'x 7' roll-up door is a durable and affordable solution to any of your storage problems. Measuring 16' wide by 21' long with a height of 9', this metal shed has nearly 336 square feet of storage space. Store your vehicles and other property with ease in this versatile metal shed. All of our structures can be designed and certified to withstand severe weather specific to your area.

*This product listing and starting package price does not include the insulation as show in imagery, but it does include both the interior partition wall and extra walk-in door in this interior wall. The building can be purchased as an open structure without this interior wall. To customize this structure or to purchase insulation speak with a building advisor today at 877-708-4262.

16' WIDE x 21' LONG x 9' TALL

LAND/CEMENT FOUNDATION MUST BE LEVEL

- Cement should be 1 ft. shorter than roof length.
- Cement must be level and square from corner to corner.
- Return trip fees will apply if building is not installed.

In order to get the highest quality installation, we ask to have the site prepared and ready to go on the day of installation. There should be no electrical wires less than 15 feet above the peak height and confirm no underground utilities will be impacted by the installation process (must be 4' or more beneath the impacted areas for ground installation). Remember, all of our structures come with free installation and free delivery.
