SINGLE CAR CERTIFIED CARPORT

CALL NOW TO ORDER!

This single car certified carport from **Elephant Structures** is perfect for anyone looking for a premium quality metal building at a great price. The factory certified carport is guaranteed to meet or exceed your local building codes and regulations. It has dimensions of 16' wide x 31' long x 12' tall and is manufactured with a 14 gauge galvanized steel frame and 29 gauge roof panels. The carport has a strong vertical roof and enclosed side walls for greater protection from inclement weather and other hazards. Versatile structure great for several uses!

If you are looking for a single car certified carport at a great price, contact the experts at **Elephant Structures**. We custom manufacture clear-span buildings up to 60' wide, at any length you need. Heavy duty commercial framing available. Give us a call today!

LAND/CEMENT FOUNDATION MUST BE LEVEL

CONCRETE PAD

LEVEL SITE

- Cement should be 1 ft. shorter than roof length.
- Cement must be level and square from corner to corner.
- Return trip fees will apply if building is not installed.

In order to get the highest quality installation, we ask to have the site prepared and ready to go on the day of installation. There should be no electrical wires less than 15 feet above the peak height and confirm no underground utilities will be impacted by the installation process (must be 4' or more beneath the impacted areas for ground installation). Remember, all of our structures come with free installation and free delivery.
