18' X 61' X 14' RV STORAGE BUILDING

CALL NOW TO ORDER!

This RV storage building is an affordable way to protect your vehicles and equipment. The structure combines an open RV cover with a closed garage for a unique and versatile storage building. The open portion measures 18' wide x 41' long. With 14' high legs, it is tall enough to store almost any RV or mobile home. You can also use it as a two car carport. The open area has half walls for a bit of extra shielding from bad weather. The closed portion measures 18' wide x 20' long and is built with a roll-up garage door and a walk-in door on the front wall for easy access to your stored items.

LAND/CEMENT FOUNDATION MUST BE LEVEL

- Cement should be 1 ft. shorter than roof length.
- Cement must be level and square from corner to corner.
- Return trip fees will apply if building is not installed.

In order to get the highest quality installation, we ask to have the site prepared and ready to go on the day of installation. There should be no electrical wires less than 15 feet above the peak height and confirm no underground utilities will be impacted by the installation process (must be 4' or more beneath the impacted areas for ground installation). Remember, all of our structures come with free installation and free delivery.
