**20 X 21 METAL GARAGE FOR 1 CAR**

**CALL NOW TO ORDER!**

Our 20 x 21 metal garage provides 420 square feet of storage space for your car and outdoor equipment. The garage is an affordable way to protect your valuable items from harsh weather and debris. The 1 car garage comes standard with a 10' wide by 8' tall garage door on the front wall that is large enough for almost any car or truck. There is also an entry door for personal use on the side wall. You can choose from our wide color selection to find one that matches your personal style or other buildings on your property. The building has a 10' wide by 8' tall garage door on the front wall, with a walk-in door on the side wall for personal use. You can customize this garage for whatever you need. Adjust the dimensions, add or remove doors and windows, and choose your color.

**LAND/CEMENT FOUNDATION MUST BE LEVEL**

- Cement should be 1 ft. shorter than roof length.
- Cement must be level and square from corner to corner.
- Return trip fees will apply if building is not installed.

In order to get the highest quality installation, we ask to have the site prepared and ready to go on the day of installation. There should be no electrical wires less than 15 feet above the peak height and confirm no underground utilities will be impacted by the installation process (must be 4' or more beneath the impacted areas for ground installation). Remember, all of our structures come with free installation and free delivery.
