DOUBLE WIDE CARPORT

CALL NOW TO ORDER!

This double wide carport from **Elephant Structures** is perfect for anyone looking for a metal building at a great price. This versatile structure is great for a wide variety of uses and can be customized for whatever you need! Building specifications include dimensions of 20' wide x 21' long x 8' tall, a 14 gauge galvanized steel frame, and a regular roof with 29 gauge panels. The carport is designed with gables at each end and closed side walls for enhanced protection from inclement weather and other hazards.

If you are looking for a double wide carport at a great price, contact the experts at **Elephant Structures**. We custom manufacture clear-span buildings up to 60' wide, at any length you need. Heavy duty commercial framing available. Give us a call today!

LAND/CEMENT FOUNDATION MUST BE LEVEL

CONCRETE PAD

LEVEL SITE

- Cement should be 1 ft. shorter than roof length.
- Cement must be level and square from corner to corner.
- Return trip fees will apply if building is not installed.

In order to get the highest quality installation, we ask to have the site prepared and ready to go on the day of installation. There should be no electrical wires less than 15 feet above the peak height and confirm no underground utilities will be impacted by the installation process (must be 4' or more beneath the impacted areas for ground installation). Remember, all of our structures come with free installation and free delivery.
