22 X 31 SINGLE CAR METAL GARAGE

CALL NOW TO ORDER!

A single car metal garage is an affordable option to protect your car, truck, and additional equipment. This storage building offers 682 square feet of storage space for your valuables. There is a garage door and a walk-in door on the front wall for easy access to your stored items. At 22' wide x 31' long, there is plenty of extra room to store outdoor equipment and other various items alongside your car. You can customize this single car metal garage in any way you need! You can even add another garage door on the front wall and move the walk-in door to the side wall to create a two car garage!

LAND/CEMENT FOUNDATION MUST BE LEVEL

- Cement should be 1 ft. shorter than roof length.
- Cement must be level and square from corner to corner.
- Return trip fees will apply if building is not installed.

In order to get the highest quality installation, we ask to have the site prepared and ready to go on the day of installation. There should be no electrical wires less than 15 feet above the peak height and confirm no underground utilities will be impacted by the installation process (must be 4' or more beneath the impacted areas for ground installation). Remember, all of our structures come with free installation and free delivery.
