DOUBLE WIDE METAL GARAGE

CALL NOW TO ORDER!

This double wide garage from **Elephant Structures** is perfect for anyone looking for a top quality structure at a great price. The building measures 22' wide x 31' long x 11' tall and offers 682 square feet of storage space. It is manufactured with a strong 14 gauge galvanized steel frame and 29 gauge roof panels. The regular roof has a curved design that transitions seamlessly to the side walls. You can customize this building for whatever you need, including choosing from our wide selection of colors.

If you are looking for a double wide garage at a great price, trust the folks from Elephant Structures! We are one of the oldest and largest metal building suppliers in the nation! Upgraded commercial framing is available. Give us a call today!

LAND/CEMENT FOUNDATION MUST BE LEVEL

- Cement should be 1 ft. shorter than roof length.
- Cement must be level and square from corner to corner.
- Return trip fees will apply if building is not installed.

In order to get the highest quality installation, we ask to have the site prepared and ready to go on the day of installation. There should be no electrical wires less than 15 feet above the peak height and confirm no underground utilities will be impacted by the installation process (must be 4' or more beneath the impacted areas for ground installation). Remember, all of our structures come with free installation and free delivery.
