### 24 X 31 VERTICAL ROOF DOUBLE WIDE METAL GARAGE

**CALL NOW TO ORDER!**

Built with high-quality steel and designed to last for decades, this custom metal garage building is an excellent way to keep all of your vehicles, tools, equipment, and other property safe and secure from the threat of theft and severe weather. This custom metal garage features two enclosed storage areas for added security and a carport for greater accessibility. This metal garage measures 24' wide by 31' long and provides nearly 750 square feet of secure storage space. All of our buildings can be designed and certified to withstand severe weather conditions specific to your region.

#### LAND/CEMENT FOUNDATION MUST BE LEVEL

- Cement should be 1 ft. shorter than roof length.
- Cement must be level and square from corner to corner.
- Return trip fees will apply if building is not installed.

In order to get the highest quality installation, we ask to have the site prepared and ready to go on the day of installation. There should be no electrical wires less than 15 feet above the peak height and confirm no underground utilities will be impacted by the installation process (must be 4' or more beneath the impacted areas for ground installation). Remember, all of our structures come with free installation and free delivery.
