### 26' X 36' X 10' METAL BOAT SHELTER WITH VERTICAL ROOF

**CALL NOW TO ORDER!**

Boats can take some pretty severe sun damage when they aren't in the water, and mother nature doesn't care what kind of tarp you keep it under, she'll find a way. The 26' x 36' x 10' Metal Boat Shelter with Vertical Roof is a fantastic way to keep your boat secure and greatly increase it's longevity. Measuring 26' wide by 36' long with a height of 10', this metal building provides more than 936 square feet of protected and secure storage space. All of our structures can be designed and certified to withstand severe weather conditions specific to your area.

#### LAND/CEMENT FOUNDATION MUST BE LEVEL

- Cement should be 1 ft. shorter than roof length.
- Cement must be level and square from corner to corner.
- Return trip fees will apply if building is not installed.

In order to get the highest quality installation, we ask to have the site prepared and ready to go on the day of installation. There should be no electrical wires less than 15 feet above the peak height and confirm no underground utilities will be impacted by the installation process (must be 4' or more beneath the impacted areas for ground installation). Remember, all of our structures come with free installation and free delivery.
