Monday - Friday, 8:30 to 7:00 Eastern; Saturday, 10:00 to 3:00; Sunday closed

**#31353**

**32 X 26 TWO CAR METAL GARAGE**

**CALL NOW TO ORDER!**

If you have been searching for affordable storage space, this two car metal garage is a great solution. The garage has total dimensions of 20' wide by 26' long by 9' high. There is also a 12' wide by 26' long lean-to attached to the side wall for separate outdoor storage. The garage portion has 520 square feet of storage space and can easily store two cars or trucks side by side. The front wall has two 9' wide by 7' tall roll-up doors for easy vehicle storage. You can customize this garage for whatever you need. Adjust dimensions, add or remove doors, change colors, and much more! The lean-to measures 12' wide by 26' long and is connected to the garage on the left side wall. It is a great way to separate your cars or trucks from lawn equipment. The garage has a boxed eave roof that is guaranteed to be leak-free.

**32' WIDE x 26' LONG x 9' TALL**

**LAND/CEMENT FOUNDATION MUST BE LEVEL**

- Cement should be 1 ft. shorter than roof length.
- Cement must be level and square from corner to corner.
- Return trip fees will apply if building is not installed.

In order to get the highest quality installation, we ask to have the site prepared and ready to go on the day of installation. There should be no electrical wires less than 15 feet above the peak height and confirm no underground utilities will be impacted by the installation process (must be 4' or more beneath the impacted areas for ground installation). Remember, all of our structures come with free installation and free delivery.
