CALL NOW TO ORDER!

Manufactured with high-strength steel and designed to last for years to come, this custom commercial carport is a great way to protect your vehicles and other property from the threat of criminal activity and severe weather. This carport also features enclosed back and side walls for added protection from wind-blown debris. Measuring 40' wide by 26' long with a height of 14', you can easily store several vehicles under the same carport with more than 1,000 square feet of protected storage space. All of our buildings can be certified to withstand severe weather conditions specific to your area.

LAND/CEMENT FOUNDATION MUST BE LEVEL

- Cement should be 1 ft. shorter than roof length.
- Cement must be level and square from corner to corner.
- Return trip fees will apply if building is not installed.

In order to get the highest quality installation, we ask to have the site prepared and ready to go on the day of installation. There should be no electrical wires less than 15 feet above the peak height and confirm no underground utilities will be impacted by the installation process (must be 4' or more beneath the impacted areas for ground installation). Remember, all of our structures come with free installation and free delivery.
