BOXED EAVE DOUBLE WIDE CARPORT CAR SHELTER

CALL NOW TO ORDER!

Looking for a way to keep your cars and trucks protected from severe weather and falling debris? Check out this double wide custom car shelter, built from high-strength steel and designed to last for generations.

Measuring 24' wide and 21' long with a height of 8', you can use the available 500 square feet to easily store multiple vehicles and protect them from the elements. End gables and extended side walls also add increased protection for your property. This car shelter, like all of our structures, can be designed and certified to withstand severe weather conditions specific to your area.

LAND/CEMENT FOUNDATION MUST BE LEVEL

- Cement should be 1 ft. shorter than roof length.
- Cement must be level and square from corner to corner.
- Return trip fees will apply if building is not installed.

In order to get the highest quality installation, we ask to have the site prepared and ready to go on the day of installation. There should be no electrical wires less than 15 feet above the peak height and confirm no underground utilities will be impacted by the installation process (must be 4' or more beneath the impacted areas for ground installation). Remember, all of our structures come with free installation and free delivery.
