TOP QUALITY CAR SHELTER METAL BARN
CALL NOW TO ORDER!

Manufactured using only high-quality steel and designed to last for decades, this top quality car shelter is an affordable and attractive way to protect your cars, trucks, and other property from the threat of severe weather.

With a grand total of 882 square feet and measuring 42' wide and 21' long with a height of 12', you can store all of your vehicles and have easy access to all of them thanks to the open design. Like all of our metal buildings, this car shelter can be designed and certified to withstand severe weather conditions specific to your area.

LAND/CEMENT FOUNDATION MUST BE LEVEL

- Cement should be 1 ft. shorter than roof length.
- Cement must be level and square from corner to corner.
- Return trip fees will apply if building is not installed.

In order to get the highest quality installation, we ask to have the site prepared and ready to go on the day of installation. There should be no electrical wires less than 15 feet above the peak height and confirm no underground utilities will be impacted by the installation process (must be 4' or more beneath the impacted areas for ground installation). Remember, all of our structures come with free installation and free delivery.

INSTALLATION SURFACES
