TRIPLE WIDE CARPORT WITH CLOSED SIDES

CALL NOW TO ORDER!

Three vehicles don't typically fit in a traditional garage, but our Triple Wide Car Port with Closed Sides 26' x 26' x 10' can fit three cars or trucks easily. The closed sides also add extra protection for your property.

Measuring 26' wide by 26' long with a height of 10', this metal building provides more than 676 square feet of protected and secure storage space. All of our structures can be designed and certified to withstand severe weather conditions specific to your area.

LAND/CEMENT FOUNDATION MUST BE LEVEL

- Cement should be 1 ft. shorter than roof length.
- Cement must be level and square from corner to corner.
- Return trip fees will apply if building is not installed.

In order to get the highest quality installation, we ask to have the site prepared and ready to go on the day of installation. There should be no electrical wires less than 15 feet above the peak height and confirm no underground utilities will be impacted by the installation process (must be 4' or more beneath the impacted areas for ground installation). Remember, all of our structures come with free installation and free delivery.
